## III. TRAINING INSTITUTE

### 1. GENERAL INFORMATION

#### 1) About University

##### □ KYUNGPOOK NATIONAL UNIVERSITY

### KNU's Educational Philosophy

#### TRUTH

The highest value that a university must pursue as a hall of learning, meaning that it strives to seek the truth without hesitation.

#### PRIDE

Referring to the pride of KNU's students and faculty as demonstrated through its endless development of great talent that has contributed to the development of Korea and indeed human society. We celebrate this great pride through our university's history, traditions and future goals.

#### SERVICE

KNU graduates have been educated as real intellectuals, proud professionals and practice-valued servants of the people, who serve not only their own society and nation but also the global community.

## KNU's Educational Goal

KNU is transformed through innovation, communication and its impression on the world.

It began as a regional education hub founded with the support of residents, and quickly gained a strong reputation as the best university south of Seoul. KNU became known for producing the top Korean intellectuals of the age, representing the Republic of Korea with pride. Our goal is to reaffirm the status long held by KNU, bringing change and the spirit of innovation to the world. We will become a university that inspires people the world over with our achievements.

We are a globally-oriented, knowledge-driven university.

We are now a global competitor, as such, we have to foster research capabilities that can compete with global standards and cultivate talent that will lead the world. KNU will be a university that not only creates knowledge but also leads the stream of intelligence as it takes a step ahead. As a university with one of the nation's largest campuses and operating infrastructures, we strive to impress the region, the nation and the world.

We put investment in human resources above all else.

One of our greatest assets is the people we educate. KNU will give first priority to concentrated investment in human resources development, producing talented individuals with the wisdom of cultural insight and scientific technology; passionate professionals who enjoy a challenge; people who will lead the world with creativity and innovation. In addition, we will create an educational and professional environment in which all people-students, professors, and staff of the university-trust and cooperate with each other.

### ❑ GRADUATE SCHOOL OF KNU

Graduate School of KNU was established in October 20, 1953, since when its objectives have been to explore sound academic theories and methods in depth, to activate academic research in order to promote the human qualities and disciplines required in society, and to contribute to national development and the prosperity of the mankind.

The graduate School has played key roles in universities around the country, as well as in research institutes and professional organizations, and on the international stage. In addition, the excellent teaching staff and academic supervisors in our Graduate School, who are outstanding in their research and educational capacities, have consistently given quality guidance to enthusiastic MA and doctoral students on the basis of future-oriented curricula and systematic teaching methods. We promise to continue doing our best in fostering the next generation of academics who will lead us into the future, while at the same time continuing to preserve our brilliant history and tradition.
